

## Näkymä 2016 # PUU (tree)

The forest was earlier a place of magic and danger. It was a place where strange things occurred, and strange people lived. The forest was the home of monsters, witches and fairies.

In Grimm's Fairy Tales, the hero always goes into the forest. The forest is not in itself enchanted, but it contains enchantments and, being outside normal human experience, acts as a place of transformation.

The 'enchanted tree project' included almost invisible eyes attached to (in) trees.
